I had a fantastic experience at Inya. Lorena was professional and knew what I needed. I had eyebrows feathering and felt confident in Lorena's capable hands. I highly recommend Inya and Lorena if you are considering eyebrows feathering and shading. She did a wonderful job and I am extremely pleased with the results.

I highly recommend Lorina. I had a permanent eyebrow tattoo done in 2015, I hated it and it's been a problem since then but Lorina was able to work with my ugly permanent tattoo and made me feel beautiful again.

Everything about my experience at Lorina's clinic was 5-star! She is incredibly caring and has amazing attention to detail. I had my lids and eyebrows tattooed and due to my skin type it was a challenging process. It didn't phase Lorina and she was happy to take the extra time it needed to be done. Follow-up care was superb too! Thank you Lorina – I highly recommend your services.

I've had my eyebrows tattooed by Lorina twice now and I couldn't be happier. She really knows her stuff, she knows skin types, skin tones, hair tones and the best way to go about getting the best result. She's honest about outcomes and provides excellent after care. The studio is lovely and relaxing with great light and it's easy to find parking across the road or right in the driveway. Highly recommend.
